## **ABOUT US**

Amul Packaging is a leading manufacturer of printed flexible packaging, specializing in rotogravure, flexographic, and digital printing technologies. With these capabilities, we offer brands the flexibility to choose the right solution - from high-volume gravure printing with unmatched detail, to cost-effective flexo, and short-run digital printing for speed and customization.

Our state-of-the-art facility combines advanced printing with precision lamination and pouch-making, ensuring packaging that not only protects products but also delivers exceptional shelf appeal. By blending technology, quality control, and design expertise, we provide end-to-end solutions that serve industries including food, agro, nutraceuticals, pet care, personal care and many more.

Our focus on quality, consistency, and customer satisfaction has helped us build long-term partnerships across India and international markets. At Amul Packaging , we don't just make packaging - we create solutions that help your products stand out and succeed.

## **OUR MACHINERY**

### ***Rotogravure & Flexo Printing Machine***

Equipped with 8-color rotogravure and 6 & 4-color flexo printing machines, we deliver sharp, vibrant, and high-resolution printing on various substrates. Ensuring consistent quality and premium finish for all flexible packaging needs.

### ***Solvent Less & Solvent Based Lamination Machine***

Advanced solvent-less and solvent-based lamination enables excellent bonding and clarity. Multiple film combinations can be achieved to meet product protection, performance, and shelf-life requirements.

### ***Slitting Machine***

High-speed precision slitting machines designed for clean edges, accurate roll widths, and smooth operation. Ensures perfect roll finishing for further conversion and packaging processes.

### ***Pouching Machine***

Versatile pouching machines capable of producing standup pouches, flat bottom pouches, quad seal pouches, pillow pouches, and more. Engineered for flexibility, strength, and superior sealing quality.
